"At the stroke of the midnight hour, when the world sleeps, India will awake to life and freedom." So said Pt. Jawaharlal Nehru on the eve of India's Independence. We paid homage to countless freedom fighters as we celebrated the 77th Independence Day. The celebration started off with flag hosting by our honourable chief guests, Alumni of Sri Shirdi Sai, **Mr. Siva Ram** and **Mr. Uma Sai Kumar**. The Children presented melange of patriotic activities which created an atmosphere of national pride. The whole event ignited a spark of hope that in the years to come there is a brighter nation with true spirit of patriotism.

Aspiring Inquisitive Mothers
a unique session for a better parenting...

Rearing a child with love and care, is what we ever declaim!
Armouring mother with the etiquettes of parenting is our one and only AIM!!!

Sri Shirdi Sai truly believes that the school shares a common treasure with the parents – THE CHILD. In pursuance of its commitment to excellence in education and seeking the partnership and collaborative participation of parents in accomplishing the same, the school instigated an exclusive programme AIM "Aspiring Inquisitive Mothers" devised specifically to update and upgrade mothers for better parenting. Accepting the fact that parenting in the 21st century is possibly one of the most challenging jobs, the day long workshop addressed core issues pertaining to upbringing of kids. The mothers experienced revealing happiness in real transformation on realising that communicating with and connecting to children could indeed be much more effective if they used the right LOVE LANGUAGE !!

**Let's ennoble our thoughts and deeds, and pep ourselves with the Learning Domain!
Because acquisition of morale in life, transforms human to humane...!!!**

Personality development is the pursuit of rising, honing and mastering the skills that help us become the best we can, with all that we have. Surviving in this world with confidence requires not only talent but also external and internal growth encompassing not just the IQ [Intelligence quotient] and EQ [Emotional quotient] but SQ [Spiritual quotient] and AQ [Adversity quotient] as well. Hence, **PARIVARTAN- pepping up the young minds** is the unique program designed for students of 10th class. The sessions were meticulously and powerfully devised by international trainer Mr Ajith. The trainers had an indelible impact with a didactic approach that encouraged dialogue and active participation. Ours is an intensified focus on enabling the search of the individual within the learner. Effort is made to recognize and groom the quintessence that makes an individual THE INDIVIDUAL.

**The creative classics brought to the fore.
An ocean of masterpiece, the magnetic galore!
Incredible artistry that you've never seen before.

They played with colors, smeared the white canvasses with a spectrum of colors and gave vent to their imagination. The students poured out their creativity and talent at the art and craft exhibition held at the school. Kids from nursery to class 10 displayed their inherent talent in vibrant colors and depicted their exhibits from the inner layers of their hearts.

About 2,500 students from the school displayed 2,000 exhibits in 70 concepts. The range of exhibits displayed by tiny tots comprised concepts like paper pasting, clay modelling, thumb impression, stamp prints, collage work, blow painting, block printing, vegetable printing, sand work and brush spraying. Every stall was decorated conceptually. Deeply immersed in their own creative world, the little ones animatedly described their works to the visitors under the guidance of the teachers. Positive and negative shades, wonderful weavings, fashion with leaves and easily made cost effective greeting cards with grass drew the attention of onlookers. The kids used unused and junk materials like cotton, waste papers, dry grass to create exhibits that truly turned trash into treasure and left the spectators spell bound.

Striding with Pride...

**With guts, grit and gumption, We march ahead and relentlessly strive!!

The school underlines the need for shaping a new generation of students who are able to differentiate the good from the bad, who are confident enough to face the trails and tribulation of life and who imbibe the values of discipline and patriotism. Thus NCC has been a co-scholastic activity of the school curriculum at Kadiam and Rajahmundry. 40 JD boys' cadets and 10 JW cadets have been its members. We proudly announce that till date 6 batches have cleared the exam successfully. The motto of National Cadet Corps is Unity and Discipline (Ekta aur Anushasan) and so is ours! We greatly aspire to instil social values which promote for development, survival and preservation of the rich heritage of our composite culture.

"Hide not your talents. They for use were made. What's a sundial in the shade?"

These famous words uttered by Benjamin Franklin sprint to our mind when the sprightly and spirited youngsters of Sri Shirdi Sai grab and grasp every opportunity to prove their talent and mettle in competitive arenas be it debates, dance competitions or sports events. Events and peptions in their own school as well as other schools offer an excellent avenue and podium to the entire student to explore, realize and showcase their creativity and talent in different domains.

We are proud to have creditable performers. From academics to sports to co-curricular activities, our school has carved a niche all by itself. The following achievements and laurels enunciate their own stay.

LEARNING.... THE ONLY WAY TO EDUCATE

*We build the capability to create, to build and to implement
To acquire skills in ways that drive life time development*

"Education is a gift you can give only when you keep receiving it."

It is with this firm conviction that all our workshops are conducted. To avoid the knowledge of the teachers as well as the students from becoming obsolete, interaction with subject experts and the teaching fraternity are arranged periodically for teachers as well as students. It's the undeniable fact that if individuals want greater success, then the answer resides with in the ability to improve motivation, improve the use of energy and to improve one's talent. Sri Shirdi Sai symbolising happy schooling focuses on the incredible smile on every child's countenance. We strongly deem that the repel effect of the child's smile passes on to the parents and finally back on to the teachers.

Sri Shirdi Saians have always been with the country, be it when help was required for the Soldiers or the natural calamity. Every disaster and calamity devastated us too and touched as deeply! This year, we contributed generously in kind and cash (Rs. 2,50,000) to the District Polio Fund. Sri Shirdi Sai has always been supporting the vision programmes of the government and has organised rallies and marches. It is the organisation - one of the pioneers that lend its hand to a noble cause.

MY HOSTEL

Ca(Ki)ndling Love!

MY SWEET HOME

This is my family away from my home. This is my abode where I spend my night and day. The motherly touch and the comforting words, Enables me for a memorable and joyous stay!!!

Sri Shirdi Sai always believes that nothing can substitute parental affection and care. The family bonding cannot be replaced. It can however be replicated through affection and love. It is ensured that students are given the best of care during their stay in the hostel by providing all essential amenities like clean and airy dormitories with limited students, 24x7 wardens to look after the welfare and needs of the students.

3 D's – Discipline, Duty and Dedication are the basic values that are given priority in the child's due course of learning. For slow learners extra care is taken in the subjects concerned, with the well planned layering system.

HERE, the hostel is a home away from home, where children augment their poise to be independent, be it friendships, food, belongings, rooms, joys, sorrows, challenges or any of the uncountable experiences of growing-up together. They enjoy weekends playing games and watching movies, celebrate all festivals with equal fervor and zest. They celebrate their birthdays, cut cakes and have gala time. It is ensured that every child feels cared for ... just as he would with his family. Hence
